

CLEAN BOSS™ PRO DISINFECTANT SPRAYER

Ideal for HIGH VOLUME and HIGH PRESSURE cleaning and disinfecting

■ SCB100DB580

DESIGNED BETTER. BUILT STRONGER. LASTS LONGER.

LIQUID-LEVEL™ GAUGE

Monitor the amount of liquid in the tank. Take exact measurements with the easy-read calibration marks.

AUTO-DRAIN™ SUMP BASE

The sloped tank base channels every ounce of chemical to the drain. Just where it should go.

RUST-ARMOUR™ STAINLESS FRAME

No rust. No corrosion. This guarantees years of unmatched service.

POLY-FLEX™ HOSE REEL

Unlike steel, this crack-proof, easy-wind poly hose reel will flex before it breaks.

ROTO-MOLD CONSTRUCTION

Unlike regular thin-wall plastic tanks, this tank is cooked and cooled at an even rate. The raw material is bonded together to make this tank virtually indestructible.

FRESH-FLUSH™ SYSTEM

A built-in fresh water tank. Use it to flush out all plumbing lines to avoid mixing spray chemical.

ATOMIZATION-SWIRL™ SPRAY WAND

Use a lever to choose between a mist, fan or jet spray pattern. This spray gun creates a swirling motion to allow the droplets to cover the entire object - on top and underneath.

TIME-SAVER™ FORK-POINTS

The built in fork slots makes the entire unit a breeze to lift and load.

USES:

- Parks
- Schools
- Universities
- Hospitals
- Field Hospitals
- Shopping Centers
- Stadiums
- Business Places
- Municipalities
- Picnic Areas
- Shopping Carts
- Playground Equipment
- Trash Cans
- Hand Rails
- Any Outdoor Surface
